

Overview

NOTE: Effective November 16, 2009, HP Insight Server Migration software for ProLiant offered exclusively as part of HP Insight Control suites. For additional information please visit: <http://www.hp.com/go/insightcontrol>

Upgrading or replacing your existing server? Implementing virtualization? HP makes it easy with HP Insight Server Migration software for ProLiant. Replicate the server you know and love with the only product of its kind from a server vendor that provides an automated, accurate and affordable way to migrate existing servers and their content to the latest HP BladeSystem or ProLiant server technologies or the latest virtualization platforms from VMware, Microsoft, and Citrix. Physical or virtual, the fastest and easiest way to migrate your servers is with HP Insight Server Migration software for ProLiant.

HP Insight Server Migration software for ProLiant 3.7 includes one year of 24 x 7 HP Software Technical Support Service ensuring rapid access to HP support staff. For more information about this service, please visit: <http://www.hp.com/services/insight>.

A license entitlement certificate will be delivered in place of a license activation key. The license entitlement certificate will be delivered via physical shipment for existing product numbers (with the exception of tracking licenses) and via e-mail for the new electronic license product numbers. It will contain information needed to redeem license activation key(s) online or via fax. This new electronic redemption process will allow for easier license management and better service and support tracking. For more information, please visit: <http://www.hp.com/go/ICe-license>.

What's New

- Support for HP software and hardware server support

Models

NOTE: Electronic licensing options are available for Insight Control suites and select ProLiant Essentials software products. Please see the appropriate Insight Control and ProLiant Essentials QuickSpecs for additional information.

HP Insight Server Migration software for ProLiant

HP Insight Server Migration software for ProLiant, No Media, 1-Year Unlimited Migration License, including 1 year of 24x7 Technical Support 460756-B21

NOTE: This license allows unlimited migrations (physical to ProLiant, physical to virtual, virtual to virtual, and virtual to ProLiant) for one year. Customer will receive a printed license entitlement certificate and documentation via physical shipment. The license entitlement certificate must be redeemed online or via fax in order to obtain the license activation key(s). Includes one year of 24 x 7 HP Software Technical Support Service.

HP Insight Server Migration software for ProLiant, No Media, Physical / Virtual to ProLiant Single Migration License, including 1 year of 24x7 Technical Support 460750-B21

NOTE: This license allows 1 physical to ProLiant or virtual to ProLiant migration. Customer will receive a printed license entitlement certificate and documentation via physical shipment. The license entitlement certificate must be redeemed online or via fax in order to obtain the license activation key(s). Includes one year of 24 x 7 HP Software Technical Support Service.

HP Insight Server Migration software for ProLiant, No Media, Physical / Virtual to ProLiant Flexible-Quantity License, including 1 year of 24x7 Technical Support 460751-B21

NOTE: This part number can be used to purchase multiple licenses with a single activation key. Customer will receive a printed license entitlement certificate via

Overview

physical shipment. The license entitlement certificate must be redeemed online or via fax in order to obtain the license activation key(s). Includes one year of 24 x 7 HP Software Technical Support Service. Example: if you place a single order with quantity 73 of this part number, you will receive a single pack, which includes a single key that enables 73 migrations.

HP Insight Server Migration software for ProLiant, No Media, Physical / Virtual to Virtual Single Migration License, including 1 year of 24x7 Technical Support 460753-B21

NOTE: This license allows 1 physical to virtual or virtual to virtual migration. Customer will receive a printed license entitlement certificate and documentation via physical shipment. The license entitlement certificate must be redeemed online or via fax in order to obtain the license activation key(s). Includes one year of 24 x 7 HP Software Technical Support.

HP Insight Server Migration software for ProLiant, No Media, Physical / Virtual to Virtual Flexible-Quantity License, including 1 year of 24x7 Technical Support 460754-B21

NOTE: This part number can be used to purchase multiple licenses with a single activation key. Customer will receive a printed license entitlement certificate via physical shipment. The license entitlement certificate must be redeemed online or via fax in order to obtain the license activation key(s). Includes one year of 24 x 7 HP Software Technical Support Service. Example: if you place a single order with quantity 73 of this part number, you will receive a single pack, which includes a single key that enables 73 migrations.

Standard Features

Key Features	Automated, accurate, and affordable migration to new server hardware or VMware, Microsoft, or Citrix virtual machines. Perform P2ProLiant, V2ProLiant, P2V, or V2V migrations from a single interface.
Automated	Automates the migration of the OS, application and data from an existing physical server or virtual machine to a new ProLiant server or virtual machine. Manual steps required to do the migration are eliminated. Automatically install the latest PSP when migrating to a ProLiant server (P2ProLiant or V2ProLiant).
Simple to use	Installation and setup takes only a few minutes. Installs as a standalone application or can be integrated with HP Systems Insight Manager. All software is delivered on a single CD and an extremely intuitive user interface enables migration to be kicked off with no prior training required.
Preserves source server integrity	The source server is always available just the way it was running before the migration since no additional drivers are installed on the source server. No modification to the source server ensures a consistent image between source and destination.
Migrates any x-86 server	Having no source device driver dependency enables the migration of any x-86 source server running a supported operating system.
Resize disk and partition	Match availability of drive space on the destination server by excluding drives and partitions and/or resizing NTFS partitions during the migration. The size of the NTFS partitions may be increased or decreased.
Optimal destination server configuration	Tried and tested with the correct destination device drivers for all supported destination servers. NOTE: Before migrating, check and make sure all licenses may be legally transferred to the destination server.
SAN support	Support for migrations in a SAN environment when migrating to HP BladeSystem c-Class, including migrating servers from direct attach storage to boot from SAN.
Complementary Products	ProLiant Essentials Foundation Pack (shipped with every ProLiant Server from HP) NOTE: May be named the Server Setup & Management Pack in some servers HP Systems Insight Manager HP Insight Control Software HP Insight Rapid Deployment software for ProLiant HP Integrated Lights-Out Advanced Pack HP Insight Virtual Machine Manager for ProLiant

Service and Support, HP Care Pack, and Warranty Information

Warranty

HP will replace defective delivery media for a period of 90 days following the date of purchase.

Startup technical software support is available at no additional charge by calling HP Support up to 90 days from the date of purchase. This includes phone support to assist customers with installation, set-up and product usage questions and/or problems. Worldwide numbers for Support are available at: <http://welcome.hp.com/country/us/en/wwcontact.html>

HP Software Support

HP offers a number of software support services, many of which are provided to customers at no additional charge.

Software Technical Support Service

HP Insight Server Migration software for ProLiant includes one year of 24 x 7 HP Software Technical Support Service. This service provides access to HP technical resources for assistance in resolving software implementation or operations problems. With this service, Insight Control and ProLiant Essentials customers will benefit from expedited problem resolution. For more information about this service, see: <http://www.hp.com/services/insight>.

Registration for Software Technical Support Service:

Upon redemption of your license entitlement key, registration for Software Technical Support Service will occur.

How to Use Your Software Technical Support Service:

Once registered for this service, you will receive a letter in the mail containing the Customer Service Phone number for your reference and your Service Agreement Identifier (SAID). After you have received your SAID, you can go to the Software Update Manager (SUM) located on the ITRC web page at: itrc.hp.com, to view your contract online and elect electronic delivery for your updates.

Join the Discussion

The HP Support Forum is a community-based, user-supported tool for HP customers to participate in discussions amongst the customer community about HP products. For discussions related to Insight Control and ProLiant Essentials software, see the "Management Software and System Tools" area.

Software and Drivers Download Pages

Provides latest software and drivers for your ProLiant products.

Management Security (<http://www.hp.com/servers/manage/security>)

HP is proactive in its approach to the quality and security of all its management software. Be sure to check this website often for the latest downloadable security updates.

Obtain the latest SmartStart Release (<http://www.hp.com/servers/smartstart>)

The SmartStart, Management, and Firmware CDs are now freely available for download following a simple registration from the SmartStart web site. If you wish to receive physical kits with each release, you can order single release kits from the SmartStart web site. To receive proactive notification when SmartStart releases are available, subscribe to Subscriber's Choice at:

<http://www.hp.com/go/subscriberschoice>.

- HP Worldwide Customer Service contact numbers are available at: <http://www.hp.com/country/us/en/wwcontact.html>. For U.S. customers, say "Insight Manager" when prompted for the product name.

Service and Support, HP Care Pack, and Warranty Information

Environment-friendly Products and Approach

End-of-life Management and Recycling

Hewlett-Packard offers end-of-life HP product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to: <http://www.hp.com/go/green>. To recycle your product, please go to: <http://www.hp.com/go/green> or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: <http://www.hp.com/go/green>. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.
